## LAND SOLD ON MONTHLY INSTALLMENTS.

Plans and Specifications will be furnished. Lots from \$100 upwards on installments of \$10 per month.

None of the lots offered are in the woods, but on good streets in settled communities, those at Jamaica Plain being especially desirable, as they are not two minutes from the business centre.

## Money Advanced to Builders.

After the land is paid for the company will either loan the money to assist the purchaser to build his house, or use its influence to obtain loans for such purpose.

THE TOWN OF HYDE HINGTON ST.,

URNS of the folldwing

TS ❁

The town of Hyde Park, in the county of Norfolk, on the line of the Boston and Providence and New England Railroads, at a distance of about eight miles from State street, Boston, and is a thriving and enterprising town of about ten thousand inhabitants. The town was incorporated April 22, 1868, from territory taken in part from the towns of Dorchester, Milton and Dedham. May 15th last was the thirtieth anniversary of the building of the first house in the town, in what is now known as the Fairmount district, which event was the beginning of the place. The first school was begun in the spring of the year 1857. The Real Estate and Building Company, which was the leading spirit in promoting the growth of the town, was formed in 1857 and incorporated in 1861. The first religious meeting was held in June 1857.

Few towns in the Commonwealth can boast of a finer or more healthful location, or more natural beauties of situation and of scenery than the town of Hyde Park. Its growth the past few years has been rapid and healthful, due in a great measure to its excellent graded school, public library, churches, halls, highways, "Improvement Society," and last, but not least, its unsurpassed railroad facilities. The two well managed railroads furnish a better railway service for the people of the town of Hyde Park than is enjoyed by those of any other town in New England. The introduction of pure water, by the Hyde Park Water Company, during the past year, has had the effect of inducing many to select this town for a permanent home.

The industrial interests of Hyde Park have contributed a great deal to the town's growth in the past few years, giving to
